POLICE IN CAMPAIGN TO HOUND THE N.F. AND PAMPER BLACK RIOTERS

THIS IS NOT SPECULATION—WE HAVE THE EVIDENCE!

MULTI-RACIAL societies are by their very nature unstable and, ultimately, self-destructive. Prosperous multi-racial societies can sometimes delay the day of reckoning by throwing money at their problems. But Britain's economy is sinking deeper into crisis.

With the Black population constantly on the increase, and with their demands for special treatment growing ever more shrill, the prospect of race war becomes a distinct probability during the next decade.

Nobody knows this better than the Police service, which has been arming and training its members with just this contingency in mind.

But the first duty of the Police is to try and maintain the 'Queen's Peace'—to prevent serious disorders if they possibly can.

To this end the Police, at the direction of successive governments, have mounted an intense 'Community Relations' propaganda operation designed to 'sell' themselves to and attract recruits from the Immigrant community.

This campaign has failed. As the riot at St. Paul's, Bristol, last April demonstrated, so long as the Police attempt to make members of the Immigrant community abide by the laws of this land, the Police will be a target for mob violence.

As a result of being under Government orders to flee from Immigrant rioters and abandon whole city districts if needs be, so as not to "provoke" greater confrontations, the Police have been forced to step up their 'hard sell' propaganda campaign to the Immigrants.

In doing so, the Police have embarked on a series of quite improper political operations which are a clear abuse of their generally understood and accepted function in our society and which pose a threat to the Police service itself.

In short, the Police have increasingly involved themselves in statements and actions which give support to political groups campaigning on a multi-racialist/"anti-racialist" platform.

They have made statements and involved themselves in actions of a repressive nature against political factions opposed to the multi-racial concept.

Even more sinister, they have actively sought to subvert the National Front in ways that are

BRITAIN'S TOP COP HOB-NOBBING WITH THE JEWS: The Zionist Board of Deputies of British Jews is at the core of the campaign to suppress the National Front. quite unlawful.

The intention of the Police is clear: if they can demonstrate active hostility to the NF, then the Immigrant community may come to regard the Police as allies, not targets to riot against.

A shocking example of the way in which the Police use the NF as their Community Relations whipping boy was seen in December.

Two members of the National Front—one of them NF Deputy-Chairman Richard Verrall—went

The SLP's source of this false information was the Police.

Under law, NF members have equal rights with other citizens to set up in business. But this is what Supt. MacLennan, Lambeth Police 'Community Liaison Officer' told the SLP:

"We are very concerned to hear that the National Front are using the office as a base. This is going to cause us problems because trouble generally follows the National Front around. It is also very worrying for

cordial relations between the Police and the borough's Immigrant population.

In respect of his attempt to disrupt Chatham Publishing Co., he will doubtless voice the usual Police cry: "I'm only doing my job."

Mr. Verrall has lodged a formal complaint at Scotland Yard. It will come to nothing. MacLennan will not be sacked. He will be promoted. The Immigrant community will award him a prize for "services to Community Relations".

A CONFERENCE of Chief Constables at Scotland Yard held just before the last General Election to plan "security arrangements". These men now have a co-ordinated policy to 'deal with' the National Front.

into a business partnership and set up a publishing, printing and book-selling concern called the Chatham Publishing Co. They secured suitable leasehold premises in Streatham, South London.

Within days of moving into the premises the *South London Press* splashed on its front page: "NF MOVES BASE TO SOUTH LONDON."

the people who live in the area.

"The company which has let this office seems to be seeing this as a purely business transaction and I hope it changes its mind."

Subsequent enquiries reveal that the Police went so far as to contact the landlords of the premises—presumably to make them "change their mind" (i.e. to induce them to break a lawful contract!).

This is 'Police State' interference in the lawful affairs of citizens of a quite monstrous kind. Were the Police to subject members of other parties to such subversion of their rights, there would have been uproar in the media and questions in the House of Commons.

When Supt. MacLennan recently took over the Police 'Community Relations' job in Lambeth he vowed he would do all he could to rebuild

17th August last without making any arrests.

Then, when NF National Activities Organiser Martin Webster arrived on the scene with two Young National Front members in order to conduct a peaceful demonstration in support of "British Jobs for British Workers", Chief Supt. Fieldhouse threatened to arrest Mr. Webster for a breach of the peace if he did not depart instantly.

Shortly before this incident Chief Supt. Fieldhouse's boss, Sir Philip Knights, West Midlands Chief Constable, addressed a rally of the Sandwell Council for Community Relations in West Bromwich and told his audience of anti-NF activists:

"I promise you I will never allow the National Front to do anything that might harm Community Relations in my area."

(For more information about Sir Philip Knights' pro-Immigrant activities, see page 3.)

In October, Chief Supt. Fieldhouse and Sandwell Labour Councillor Bob Badham—who had helped to mobilise the opposition to Mr. Webster's protest—were awarded silver tankards by an Asian organisation for "services to Community Relations."

How many more pieces of silver will these Judases be awarded?

Another top cop who delights in addressing anti-NF Community Relations rallies is Merseyside Assistant Chief Constable Eddie Farrell. Last October the *Liverpool Echo* reported:

"Mr. Farrell was one of the 150 people dedicated to opposing racism—politicians, local authority officers, police, churchmen and community representatives—who attended the meeting at the Hindu Centre in Edge Lane."

Mr. Farrell told the meeting: "If you want to beat racism—join the Specials. We would be very glad to see you."

The meeting then turned to the business of attacking the National Front.

These are just a few of the instances we have on record of political corruption manifested by the Police as they pursue their pathetic campaign to ingratiate themselves with the Immigrants by bullying the National Front.

In a later issue we will detail the extent of Police/Government involvement in a conspiracy to destroy the National Front by internal subversion.

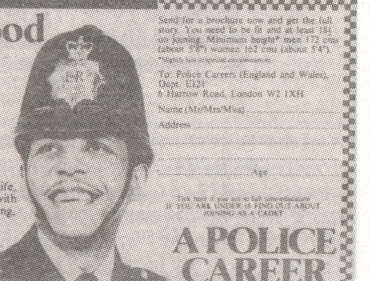

WEST BROMWICH anti-NF activists Cllr. Bob Badham (left) and Chief Supt. Fieldhouse (right) get silver tankard awards from Asians.

ADVERTISEMENTS like this in the West Indian World will fail unless the Police can convince the Blacks that they are on their side.

The pay's good enough but are you?

Police Officers are well paid, and they earn every penny of it—£4,956 a year (£6,351 in London) to start—more for those over 22. But the responsibilities match the pay. They need to have a balanced outlook on life, be intelligent and of good character with plenty of compassion and understanding, and not a little courage. If you think you have these qualities, we'd like to hear from you.

NATIONALIST UNITY AND BLIND OPPORTUNISM

OCCASIONALLY a voice is heard appealing for "Nationalist" groups to "get back together". One such appeal suggested that the basis for such unity was a common agreement on the need to restore Britain's self-respect and law and order, to improve the standard of living, to cut off foreign aid and to restore ethnic integrity.

The idea that these vague 'policies' constitute an adequate basis for a genuinely united Nationalist movement is quite pitiful. Such 'policies' could be — indeed are — subscribed to by the average 'Right Wing' Tory half-wit. The compiler of that 'platform' might just as well have included 'policies' that reflected the doubtless common desire for longer holidays and cheaper beer!

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

In the past the National Front made the mistake of failing to establish a principled and coherent ideological basis for its policies. As a result it recruited a rag-bag of Torified populists and opportunistic power-seekers. These people inevitably congealed into factions which nearly wrecked the party. The best service they rendered to the NF was to depart its membership.

Enriched by their departure, the NF is now able to concentrate on building ideological unity. That is the only foundation upon which organisational unity can be built. By all means let the blind hold hands. They may gain comfort from this — but not a sense of direction.

TORIES PUT BANKERS' SWINDLE BEFORE PRODUCTIVE INDUSTRY AND THROW MILLIONS OUT OF WORK

CHANCELLOR of the Exchequer, Geoffrey Howe, has unveiled a package of measures which will result in the biggest Bankers' swindle this country has ever seen.

While productive British industry has been penalised, and while schools, the health service and other public services are all suffering from cutbacks — despite massive rates rises — the Banks are being given licence to steal even more money than they did last year (when the four main clearing banks alone made a profit of over £1,500 million!).

The Government is now proposing to relinquish what little control it still has over the issuing of money in this country and hand over this sovereign function to the alien-controlled banking institutions of the City of London.

Banks are able to issue "money" by the creation of credit from fictitious deposits (see our diagram). However, the Government has always had some type of control over the amount of credit that can be created in this way.

Since 1971 the Government has required that 12½% of all deposits must be held in "specified reserve assets", that is, they can't be lent out to borrowers.

fixing of interest rates. It does this by its control of the Bank of England which fixes the Minimum Lending Rate.

In his package of measures announced last November, the Chancellor announced that he would "allow the market a greater role in the determination of the structure of short-term interest rates."

The Bank of England has recently gone even further and has stated that "At an appropriate stage the Bank might cease to announce a Minimum Lending Rate."

USURIOUS RATES

So that while on one hand the Government is saying that monetary growth must be controlled, it is giving the Banks free rein to issue even greater amounts of money and, of course, to charge usurious rates of interest on it, which the Banks themselves will fix.

Mrs. Thatcher has frequently stated that her paramount economic aim is to reduce inflation, even at the expense of millions of jobs and the survival of whole sectors of British Industry. However her financial policies will in the long term add spiralling inflation to all the other disasters that she has already created in our economy.

Her abject prostration before the International Bankers is further illustrated by her different treatment of the Banks relative to the Oil Industry.

While the Oil Industry is domin-

ated by multinational companies with little regard for national requirements, it does — unlike the banks — form a productive part of our economy. A substantial part of its revenue from exploitation of North Sea Oil is being invested in further explorations and in new equipment and factories in Britain.

This type of long-term investment is vital if Britain is ever going to recover from the current economic catastrophe.

Yet instead of imposing a "windfall profits" tax on the Banks and allowing the oil companies to keep their profits on condition that they invest them in this country, the Government has allowed the Banks to keep all their profits and has imposed a windfall tax on the oil companies!

One of the basic causes of Britain's industrial decline has been this grabbing of industry's profit for short term benefits, rather than for longer term investment.

These short term benefits have been not only in the form of high wages, as is frequently suggested by Tory newspapers, but also in the form of excessive dividends to the shareholding owners of companies, and in high company taxation, which allows the Government to hand out political goodies in an attempt to get re-elected at the next General Election.

SHOCK DEFENCE CUTS

Britain's level of long-term investment, already lower than in any other industrialised nation, is now being reduced still further as a result of Geoffrey Howe's measures. Amongst his package was a shock £200 million cut in military expenditure in 1981.

Besides being in total conflict with their pledges made during the last general election, this has resulted in the cancellation of major projects such as the introduction of Sea Eagle, Britain's most advanced missile system, and of Sky Flash Mark 2, an RAF missile.

Other projects which have been delayed include a new Sea King anti-submarine helicopter, the replacements for the Harrier and Jaguar aircraft, and a new battle tank.

These will not only mean an immediate loss of British jobs and of potential export orders, they will also cause the main supplying firms such as Westland Aircraft, GEC and British Aerospace to cut back their level of investment.

This short-sightedness was summed up by Alan Clark, MP, Conservative Chairman of the Defence Committee, who said:

"What is so distressing about such 'economies' is that they strike directly at the technical excellence and inventive capacity of the United Kingdom over the long term."

There were also other, less obvious, ways in which the Chancellor has taken money away from investment in productive industry.

Both employees' and employers' National Insurance contributions have been increased by about 15%.

This back door taxation will reduce the amount of money firms will have available for investment, as well as reducing the amount of money that the public has to spend on the products made in British factories.

INVESTMENT DIVERTED

The latest issue of "Granny Bonds" is expected to raise about £1,500 million, which is money that might have otherwise been invested, through insurance schemes, in British Industry.

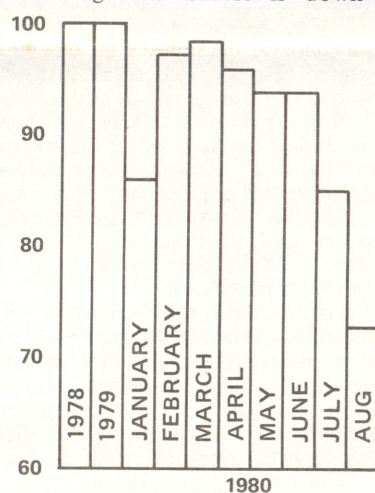

Having taken anything up to £4,000 million worth of potential investment away from British Industry, Geoffrey Howe then proudly announced that the Government's "selective assistance for investment and support for industrial research and development would be increased by £50 million" — scarcely a round of drinks.

With unemployment now past 2½ million and more firms going bankrupt by the day, the most

Government has abolished it completely thus allowing a new flood of imports at the expense of British jobs!

Our main manufacturing industries were already in a desperate situation before this latest package. Industrial production in September, the latest month for which figures are available, is down 12% on the figure for 1979, while for manufacturing industry production is down 14%.

The prospect for the immediate future is even worse. The rate at which British engineering firms are receiving new orders is down a

staggering 26% on 1980, and is 40% below the level achieved in 1973. Recently the Confederation of British Industry carried out a survey of its member firms which showed just how catastrophic is the decline in the investment in the future of our country.

It showed that in 1981 these firms were expecting to invest 32% less than in 1980 on new plant and machinery, and 39% less on new buildings and works.

DELIBERATE MURDER

The international swindlers of the banking system, with the full collaboration of Margaret Thatcher and her Government, are deliberately murdering British industry.

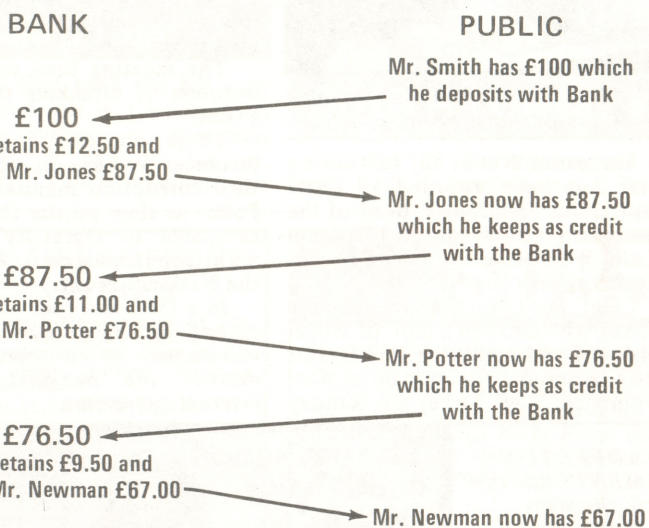

If they are allowed to continue Britain will soon cease to be an industrialised nation at all and will more resemble a banana republic having to grovel for hand-outs.

Of course the Thatcher Government must be turned out of office — but the Labour Party cannot be relied on to save Britain.

Labour has no more intention than the Tories of tearing from the throat of our nation the alien vampires of the banking fraternity who are draining away our economic lifeblood.

Only the National Front has the will to do that job. We've got the sharpened stakes ready — but we need YOUR help to hammer them home!

HOW THE BANKERS' SWINDLE WORKS

Already from the initial deposit of £100 of real money, the bank has 'created' £231 of credit which it loans out at interest. This must be repaid with real money by the borrower. This swindle is the root cause of inflation — yet the "anti-inflation" Tory Government has given the banks the green light to increase their criminal activities.

QUESTION: WHEN IS A RACE RIOT 'NOT A RACE RIOT'? ANSWER*: WHEN A POLICE SPOKESMAN SAYS SO!

THE 'NON RACE-RIOT' IN BIRMINGHAM

EARLY on Friday 2nd January more than 200 West Indian "partygoers" staged a riot in Stirling Road, Ladywood, Birmingham. Two hundred Policemen and dogs were rushed to the scene.

Hurling lumps of concrete, cobbles and bottles at the Police, the Black rioters shouted: "White Bastards! White Pigs!"

One lump of concrete was smashed onto the head of Police Sgt. Tony Peatman. He was rushed to hospital with a serious head wound.

One Woman PC was so terrified that she took refuge in the house of an equally terrified local resident, where she stayed for an hour "shaking like a leaf".

"JUST A PARTY ..."

Later, a spokesman for the West Midlands Police, acting on the instructions of Chief Constable Sir Philip Knights declared:

"This was not a race-riot. It was just a party that got out of hand."

The riot began when a Police panda car was sent to a house in the road to investigate an alleged assault. The car was showered with bricks and bottles, and its lone occupant summoned assistance.

Police from all over Birmingham went to their colleague's aid, and they too were set upon by the rampaging mob. Apart from injuries to numerous officers, thousands of pounds worth of damage was done to Police vehicles.

The house in Stirling Road where the riot started is owned by a West Indian called Canute W. Jolly (True!). He is in America but his three sons are in residence.

The three Jolly brothers (sic) run the 'Cosmic Mobile Discotheque'

which provides the 'music' for infamous West Indian 'Blues' parties.

The party at the Jollys' house had been going on for eleven days before the riot broke out.

During that period complaints from neighbours (whose houses were being shaken by the noise from the disco's speakers) resulted in the Police calling at the house four times, but no action was taken to abate the nuisance.

In fact, the Jollys' house had been under Police "observation" since last April as a result of allegations that the house was a centre for illegal drinking. But they took no action "for lack of evidence".

In order to quell the riot the Police made "dozens of arrests".

INCREDIBLE DECISION

Even more shocking than the riot was the decision by the Police to free all the arrested rioters — save one — without charge!

The unofficial Police excuse for this incredible decision was:

"We feared they could trigger a serious race-riot in the city."

Once again — as at Bristol last April — the Police force has been intimidated!

A Police spokesman cravenly admitted:

"We had a pow-wow with them and made a deal. A youth who broke an officer's arm has gone free."

This is the essence of 'Community Relations': backing down to Black rioters all the way down the line.

'Community Relations' victim: Police Sgt. Tony Peatman was badly injured in Birmingham riot.

THE 'NON RACE-RIOTS' IN GLOUCESTER

THREE race-riots occurred in Gloucester during October and November of last year. The first took place on 9th October.

A Police patrol went to a cafe at The Park to arrest two Black youths. Other Blacks attacked the Police to enable their 'brothers' to escape.

A Police dog-handler was summoned, but by this time a gang of 30 young Blacks were pelting the Police with bottles. More Policemen and dog-handlers were summoned but they were unable to cope.

The Police continued to cower until substantial reinforcements arrived. Even then, no arrests were made. They waited for the local 'Community Relations' Officer, Ehsen Ul Haq, and an ambulance for injured PC Alan Boyd to arrive.

Haq told the mob: "If you go home, then the Police will go."

Later a Police spokesman said: "There were no arrests and none was contemplated."

Supt. Colin Eynon commented: "Our 'low profile' tactics prevented an ugly situation developing into something more serious. This was not a racial issue. It was just a group of unruly Black youths getting over-excited. It was an isolated incident."

ANOTHER RACE RIOT

Isolated incident? During August and September landlords in the Barton Street area had been terrorised by Black gangs. Barton Street was also the scene of the city's next race-riot on 12th November.

On this occasion four White youngsters were ambushed by 12 Blacks. The Whites were showered with bottles, chased and beaten. Two were injured.

Afterwards a Police spokesman said: "I do not think this happened because they were Black and White."

Bell Walk, then Wellington Street, were the scene of major disturbances on 22nd November, which resulted in another PC, Clive Millington, being hospitalised after being hit by a flying bottle.

POLICE ATTACKED

The riot began when two Police officers arrested a Black youth for obstruction. Other Blacks jostled the officers, and their prisoner was freed. After a further struggle, he was re-arrested.

A larger mob of Blacks then assembled and the officers were punched and kicked, and the arrested youth again escaped custody.

The mob then chased the Police into Wellington Street. Reinforcements arrived, but the Blacks began pelting the Police and other Whites with bottles.

The Police retreated as a young White mother snatched up her child and ran indoors. A bottle hurled at her smashed her front door window.

Once again, no arrests of Blacks were made, though later a Police spokesman said that four White youths had been arrested in connection with a different incident.

Gloucestershire Chief Constable, Mr. Leonard Soper, commented later that he was "analysing the situation to see what can be learned."

One lesson is obvious: Policemen prefer to arrest Whites because Blacks fight back.

'LEAFLET A HOAX' —Police Claim

CHIEF Superintendent John Fieldhouse is the 'Community Relations' minded Police Chief of the West Bromwich area of the West Midlands.

He allowed a violent mob to assemble in West Bromwich High Street last August, and then threatened to arrest NF National Activities Organiser Martin Webster if he attempted to walk down the street.

After the incident thousands of local residents were circulated with a letter on official-looking Police notepaper which read:

"I am writing to all residents to explain new law and order regulations. It is no longer a crime to threaten people you dislike in public. If you feel provoked by them.

"Even if they should be peacefully walking down the High Street on a Sunday afternoon you may assemble a mob to oppose them and Police assistance will be granted to run them out of town."

The intrepid Fieldhouse declared the letter a forgery and set in train a full CID investigation, complete with forensic experts.

N.F. BRITISH HERITAGE TELLS BANKERS: "LAND FOR FARMERS—NOT PARASITES!"

TWENTY members of 'NF British Heritage' — the National Front's association of conservationists — took an afternoon off work last November to hold a picket demonstration outside the City of London offices of Hill, Samuel, the merchant bankers.

This firm of bankers — and many other similar firms — have in recent years invested heavily in buying large tracts of farming land.

In some cases the land is bought

for speculative development purposes. But otherwise the money has been used on 'Agri-Business' — that is, large-scale farming where decisions are taken by accountants, not farmers who love the land.

'Agri-Business' enterprises have absorbed numerous farms and have ripped out thousands of miles of hedgerows (which serve a vital function in the balance of nature) in order to create vast prairie-like fields so as to facilitate quick

profits on cash crops.

The huge sums that banks like Hill, Samuel are pouring into 'Agri-Business' have caused the cost of farming land to rise beyond the reach of ordinary countryfolk who want to become real farmers.

ZIONIST AGENT ADMITS 'CLAIMING' SYNAGOGUE BOMB 'ON BEHALF OF NAZIS'

DURING October the Zionist-controlled mass media was full of 'news' about the "international conspiracy of neo-Nazis that had bombed a synagogue in Paris."

Suddenly, this 'news' was switched off, like a light. Why?

Firstly because — as we reported last issue — the French security Police had come to the conclusion

that Zionist, not 'neo-Nazi', terrorists had perpetrated the outrage.

Secondly because after that revelation a Zionist-Jewish agent provocateur, Jean-Yves Pellay, who had infiltrated FANE — a French Nationalist group — was forced to admit that it was he who made the anonymous telephone calls to the press claiming the bombings on

behalf of FANE.

It was those phone calls that enabled the Zionist press to work up its tear-jerking propaganda about the plight of the poor Jews confronted not just in France — but worldwide — by 'neo-Nazi' terrorists.

But the moment Pellay was exposed, the media's wailing and violin-playing came to a sudden halt.

PETER BARKER IS FREED ON PAROLE

ROCHDALE NF Branch Organiser Peter Barker was freed from jail on parole in November after serving only one year of a three year sentence.

He had been falsely accused and wrongly convicted in November 1979 of stabbing a Red thug who attacked an NF News sales team.

A High Court Judge refused to allow him to Appeal on Legal Aid, but his family and friends raised the cash to pay for an Appeal hearing.

The Appeal was turned down last October, but Peter's insistence that the Police had tricked him into pleading guilty at his trial, and the self-sacrificing efforts on his behalf by his family, must have struck a chord somewhere 'behind the scenes'.

News that the NF planned to march on Rochdale Police Station with placards naming CID officers who had scared off one of Peter's potential witnesses may also have helped the Authorities to decide that a parole at the earliest possible moment was expedient.

DEFENCE AND AID FUND FOR PATRIOTS IS FORMED

M.P.L.D.A.F. Those initials are going to become very well known to National Front activists in the years to come. They stand for the *Militant Patriots Legal Defence and Aid Fund*.

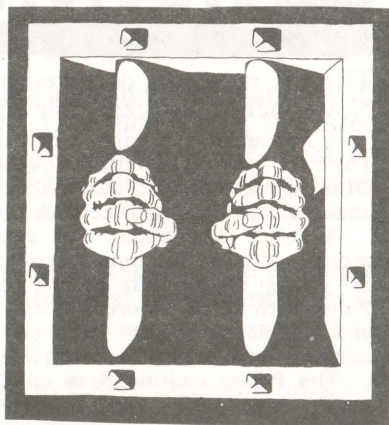

This charitable organisation has been set up by the National Front in order to provide legal and financial assistance to party Activists who, in the service of their race and nation, fall foul of repressive laws.

The Authorities are using the Police to arrest NF Activists on trumped-up charges in the hope of having them jailed and/or burdened with crushing fines.

It is therefore essential for Activists to know that an organisation exists to provide them, if necessary, with legal advice, representation in Court, help with fines — and assistance for their dependants should they be jailed.

The Fund does *not* exist to underwrite acts of stupidity, but only to help those who engage in necessary acts in the service of the Cause.

Mr. Jim Sneath, Organiser of Southwark Branch; Mr. Nicholas Griffin, YNF Students Organiser; and Mr. William Neary, Organiser of Havering NF Branch will be, respectively,

Organiser, Secretary and Treasurer of the Fund.

The Fund's address is: PO Box 52, Angel Way, Romford, Essex RM1 1AA. The Fund's independent bank account is at the National Westminster Bank, 15 Bishopsgate,

London E2.

Any member who thinks he or she is a suitable candidate for assistance should obtain an application form either from their local NF organiser or direct from the Fund.

Individual patriots, whether or not they are NF members, are asked to donate to the Fund. NF Branches are asked to hold regular fund-raising benefits.

In addition to £345 raised in the Excalibur Club, donations to the Fund have been received, as at 5.1.81, from the following:

W. Barnes, SE11, £2; Baromor, SE14, £15; Belfrost, SE14, £15; G. R. Black, SE13, £25; J.B., Wallington, £10; T. Denville-Faulkner, Hampton, £5; East Sussex NF, £25; L. J. Lancs members march to oppose £70,000 grant to immigrants

MORE than 250 NF members — mostly from Lancashire — marched through Bolton on 23rd November to protest against Bolton Council's decision to give £70,000 to Immigrant 'Community Centres'.

The march was also called to protest against the decision of the Council to refuse to hire a municipal hall to the NF so that a public meeting on the subject of the grant to the Immigrants could be discussed.

This march was one of a series of very successful 'Regional Activities' organised by the NF's NW England Regional Council. It attracted the support of some Yorkshire members, including NF Chairman Andrew Brons.

In addition to the original grant of £70,000, the Council now plans to allow the West Indians to occupy their Council-owned building rent free for 12 months.

Bolton NF Organiser John Hamilton has promised to maintain

the campaign against the Council's pro-Immigrant policies.

On the same day as this NF regional march a breakaway group from the NF, led by Mr. John Tyndall, staged a "Major National Activity" march in nearby Chorley.

This was eagerly awaited, as Mr. Tyndall has claimed his group has attracted the support of "the majority of NF members in most regions" — not to mention "the whole of Australia".

His "nationwide mobilisation" attracted the support of fewer than 70 (seventy) people, as the picture below illustrates.

"We were not really interested in numbers. All our marchers wore ties," Mr. Tyndall told sniggering pressmen afterwards.

SEVERAL PEOPLE ATTEND RIVAL 'RALLY'

The culmination of Mr. Tyndall's "Major National Activity". Seventy people huddle round a lamp post in a back alley.

NF HONOURS BRITAIN'S WAR DEAD

BRITAIN'S War Dead were honoured by the National Front in an impressive parade to The Cenotaph, Whitehall, on Remembrance Day, Sunday 9th November.

The turnout of more than 2,000 marchers was not as high as on some previous occasions, but it demonstrated that the NF has retained the support of the majority of active Nationalists and has overcome the recent bout of internal problems.

Among the hundreds of ex-Servicemen present were (pictured) Mr. George Wilson, BEM, of Islington and Mr. Tom Mundy of Slough. Mr. Mundy and Mr. George Thompson of Southwark laid the wreaths.

The parade was led by the NW England Drum Corps.

Mr. John Tyndall's splinter group held a rival parade elsewhere in London. This was supported by twelve persons.

PROSPECTS FOR 1981 ARE GOOD AS THE NATIONAL FRONT GETS BACK TO WORK

"LET'S GET BACK TO WORK!" That is the sentiment being expressed among National Front members in Branches and Regions throughout the country as they put firmly behind them the troubles — and the troublemakers — of the last 18 months. Here are some activity reports that reflect the new spirit:

WEST MIDLANDS

This Region is now a hive of activity with units being reformed in Birmingham, Wolverhampton, West Bromwich and other centres.

The "British Jobs for British Workers" rally in Nuneaton sparked off the revival, and now Regional marches are organised for Wolverhampton and West Bromwich in January.

A Regional Rally and Grand Social has been set for 24th January.

CARLISLE

For the first time the NF now has an active unit in Carlisle. Paul Stafford convened an inaugural meeting at the end of October, attended by 25 local members and

the local press.

The Group has commenced regular sales of *NF News*.

MERSEYSIDE

Merseyside NF members are embarking on a campaign to force Edgehill Liberal MP David Alton to substantiate allegations that the NF organises "Hitler Youth-style activities" in the area.

Alton was challenged to put up his evidence, but he hid behind "Parliamentary privilege". So he can expect picketting and heckling at his meetings.

SOUTH LONDON

Shrieks of fear have gone up from Reds in South London. They

claim to have received abusive telephone calls and other harassment at their homes — just the kind of 'pressure' to which the Reds have subjected NF members for years past!

The Reds blame *South London News*, the independent paper produced by Wandsworth and Lambeth YNF members, which, under the heading "Local Scum" has published their addresses and ex-directory phone numbers.

The South London Regional Council is planning to hold a Regional march in Merton against a Council plan to spend thousands on an Asian 'Community Centre'.

NF News welcomes press cuttings from readers. Please make sure that you mark the name of the paper and date of issue.
